

MOBILE AEROSOL NEBULISER

CODE: NEBMOB

FEATURES:

- Three options of power feeding – by electric mains or by 12V car battery or by rechargeable batteries
- AC/DC Adaptor supplied with unit
- Small size and light weight
- Reduced vibrations and noise level
- Efficiency of being able to use any kind of medication make it a multi-purpose device for home-care and hospital use by both adults or children

SPECIFICATIONS:

| MODEL : | MOBILE |
|---|-------------------------------------|
| Power Feeding | 100 ÷ 240V ~ 50/60Hz |
| Power Feeding by Car Adaptor | 12V |
| Power Feeding by rechargeable Batteries | 8 x 1.2v – tipo aa Ni-MH (optional) |
| Battery Autonomy (approx. depending on battery capacity) <i>Batteries Not included with unit</i> | 40 / 90 min (1600 / 2500 mAh) |
| Rechargeable time (hrs. approx. depending on battery capacity) | 3.5 / 7 (1600 / 2500 mAh) |
| Power Consumption (AC/DC Adaptor) | 38.5 VA |
| Max Pressure | 200 kPa (2.0 Bar) |
| Operative Pressure | 80kPa (0.8 Bar) |
| Max Air Flow | 12 l/min |
| Operative Air Flow | 4 l/min |
| Duty Cycle | 30 on / 30 off |
| Noise Level (EN 13544-1) | 50dB (A) |
| Weight | 560g |
| Size (main unit) | 140 x 74 x 96 mm |
| Years of Warranty | 5 |
| Country of Origin | Italy |
